fireplace that inspires.

The Inspire Electric Fireplace

Model • ICVCEFP01

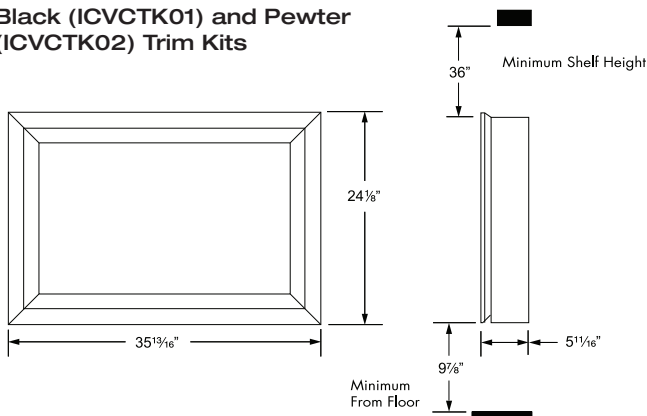

INTERCONTINENTAL
COLLECTION BY VERMONT CASTINGS

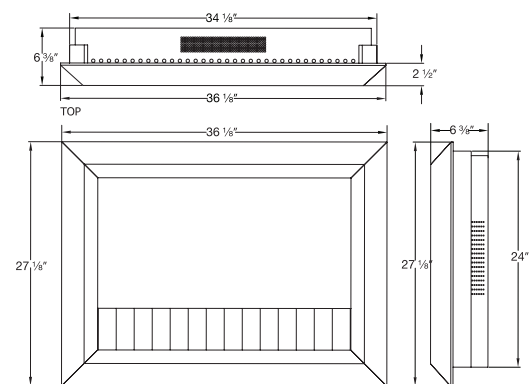

Be Inspired by the new Inspire Electric Fireplace.

It's easy to be inspired by the gorgeous, new Inspire Electric Fireplace from the InterContinental Collection by Vermont Castings. This European-designed, slim profile, wall mounted fireplace is remarkably less than 6 inches deep. The Inspire's innovative flame pattern creates dancing flames through a bed of polished black river rocks, and looks great in practically any room in the home, from bedroom to kitchen to family room, and more. Available in bold black, sleek brushed pewter, ebony black with brushed nickel accent and burnished black frames, it's easy to install because it hangs on a wall just like a great piece of art. Just plug it in, and start enjoying the unique look of the Inspire Electric Fireplace which is easy to control with just a click of a button.

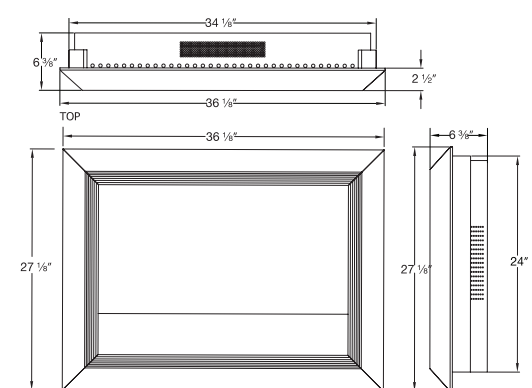

Black (ICVCTK01) and Pewter (ICVCTK02) Trim Kits

Ebony Black with Brushed Nickel Trim Kit (ICVCTK06)

Burnished Black Trim Kit (ICVCTK07)
